BEVELS

16 Total, 8 Variations
 Width Range: 2" - 3/8"
 Precision Miter Control,
 Breaklines & Flatness.

MOUNTING

Wall via Steel Mounting Plate
 Table via Steel Stand

POINTS OF INTEREST

OPTICALLY PURE

Cut from a single piece of low iron glass and silvered. Low Iron benefits include; increased light transmission for physically brighter reflection, striped of mineral impurities for a true color and more vivid reflection. You in fact do look better in the Diamond Mirror.

MAGNETIC

Mounts extremely flush, flat, an secure. System is uniquely adjustable. Once the plate is screwed to the wall the Diamond Mirror can be positioned up to 5" in any direction and rotated in any orientation. No studs required. Removable mirror and plate with only 5 small holes to patch and paint.
